

# Brain Cancer Support Group

Sunday, August 12, 2018 at 2pm

While spouses, family, and friends are crucial parts of our healing team, no one understands this brain cancer experience like someone who has been there or is there. In this group of kindred spirits, there is no need to take care of our loved ones feelings or reactions to our illness. We can show up exactly as we are...optimistic, scared, angry, hopeful, etc. As they say, "come as you are."

We will connect in a private setting in Chapel Hill where we can ask questions of our peers, provide updates on our personal situations, trade ideas about what has and has not helped and share resources. Support groups provide a powerful way to connect with others traveling a similar brain tumor journey. Feel free to come and talk, or just listen.

Please **RSVP** on our Facebook page or by email so we can send you the event address.

*Hosted By: Cornucopia Cancer Support Center and GBM Duke Survivors Connection Facebook Group*

## **GBM Duke Survivors Connection** *a Brain Cancer Private Facebook Group*

Join our local Facebook group for Duke Brain Cancer patients to share local resources found outside of Duke Hospital. Resources could be a class, talk, therapeutic service, restaurant or even a fun local event. This group is for Duke Patients who want to share local resources to help us all on our healing journey. We are not affiliated with Duke Brain Cancer Center.
